BRONX BEAUTIFUL
IS THEIR SLOGANOfficials Make War on Slot
Machines, Boothblack Stands,
Other Unsightly Things.

Bronx Borough is going to be beautified even at the cost of personal feelings. All the unsightly slot machines, boothblack stands, weighing machines, paddlers' carts and similar obstructions will have to go. Clotheslines must be strung in the rear of apartments hereafter, or some one will feel the weight of the law. So declares Superintendent of Highways Arthur Lacey, who has collected 700 gum vending and slot machines from the streets of the borough and stored them in the city yard at One Hundred and Eighty-third street and Webster avenue.

The war on slot machines is the result of the activity of the Bronx Beautiful Society, in which Borough President Miller and Sup. Lacey are interested. Another feature of the crusade is the demand that housewives hang out their washing in the rear of their homes instead of in front.

Of all the 700 gum machines and other catchpenny devices all but six were redeemed by the owners, who paid six cents a day for storage. "The slot machines," said Mr. Lacey, "were becoming a common nuisance."

ance. We notified the owners to remove the machines, but they paid no attention. Then we made the seizure. Many of these machines, strapped to lampposts, were dangerous to passers-by and purposely out of order. No one seemed responsible when no gum was coming for the last cent. Some of the machines contained as much as \$5. Although we could find no one responsible at first, there were plenty of callers when the machines with the money were taken.

We hope for a sweeping order abolishing all the unsightly street obstructions, even the poles in the street which have been placed by various corporations.

MORE WAGES FOR MINERS.

Operators Said to Have Surprise
Ready for Workers.

WILKES-BARRE, Pa., Jan. 22.—It is reported in anthracite coal circles on what is considered good authority that a surprise awaits the representatives of the miners when they go into conference with the operators in New York on Feb. 27. The surprise, it is said, will consist of an offer upon the part of the operators of an advance of 10 per cent in wages, the sliding scale to remain as at present.

It is believed that if such an offer is made by the operators it will lead to a settlement of the other grievances presented by the miners.

Died Aboard Ocean Liner.
Relative of Mrs. George H. Easton of Louisville, Ky., daughter of Gen. John B. Easton, a member of the Confederate Army, who met La Savole at the French line pier today in response to a wireless message informing her that Mrs. Easton was seriously ill, found that she had died yesterday of apoplexy. She had been travelling in Europe for a year, was taken ill in Paris and carried aboard the steamship on a stretcher.

WOMAN FIGHTS A COASTER.

Says Her Tenants in the Neighborhood Are Annoyed.

Supreme Court Justice Keogh has decided in the action of Mrs. Emily Ward against A. C. Montross and Frank Kelly, owners of a roller coaster, Charles Molanus, owner of Rye Beach Park, where the coaster is located, and the village of Rye, to recover \$10,000 damages for alleged depreciation in the value of her property, that Molanus and the city of Rye are not actionable in the matter. She has another suit for a permanent injunction restraining the use of the coaster.

Mrs. Ward owns fifteen cottages surrounding the park. She claims that the speed with which the cars travel causes those who ride in them to shout and scream and annoy the cottagers. Mr. Montross testified that the foliage on the trees around the park deadened the sound from the coaster. He said many of the cottagers are chronic kickers.

BLEMISHES OF BEAUTY
MAY BE BANISHED.A Simple Means of Healing That
Saves Face Annoyances.

"Another cold sore!" cried a popular society girl yesterday afternoon, "and that dance two nights off! These things always seem to happen when you want to look your best."

"Plenty of time to banish it my dear," said her friend, "if you will use a little Velogen, two or three times today and to-morrow. I had a cold sore last week and tried the wonderful Velogen. It just saved the day—or rather the night—for me. One of my friends tells me to rub in Velogen every morning after washing, every night before going to bed and always before going outdoors. It protects the skin and makes it soft and smooth. Not a bit of grease about it, you know—no soiling of clothes or pillows."
